The musical score for measures 13-16 is presented in a standard notation format. The piano part is written on a grand staff with a treble and bass clef. The melody in the treble staff is characterized by eighth and sixteenth notes, often beamed together. The bass staff provides a harmonic foundation with chords and moving lines. The drums part is represented by a single staff with a drumstick icon and the instruction 'simile accomp.', suggesting a rhythmic pattern similar to the accompaniment. The key signature is one flat (B-flat), and the time signature is 4/4. The piano part concludes with a 'mf' (mezzo-forte) dynamic marking.

The musical score for the 'Solo' section is presented in three staves. The Piano part (top staff) is in B-flat major and 4/4 time, starting at measure 17. It features a complex melody with many beamed eighth and sixteenth notes, including triplets and slurs. The Glockenspiel part (middle staff) is in the same key and time, with rests in measures 17-19 and a melodic phrase in measure 20. The Drums part (bottom staff) provides a steady rhythmic accompaniment with eighth-note patterns in measures 17-19 and a more complex pattern in measure 20. The score includes various musical notations such as slurs, ties, and dynamic markings like 'p' (piano).

-TITLE-

for Conductor & Percussion Ensemble
(2025)

-NAME-

Instructions

1. Divide ensemble into 4 groups. (Group A, B, C & D) At least 2 percussionists per group, all players are given any single non-pitched percussion instrument.

2. Metronome set to 80 and start playing. All beats with same click sounds.

3. The 'Composer' invited from the audience decides for each groups what rhythms within a 4/4 bar shall be played. The Conductor assists the 'Composer' by notating the rhythms on a notation program, screenshotted, then pasted next to each group, and finally shown on a big screen for the performers.

4. Each group begins their designated rhythm alongside the metronome when decided. It is then to be played as soft as possible (**ppp**) before moving on to the next group's rhythm.

5. Turn off Metronome when everyone's rhythms are playing. For approximately 3~5 minutes, the Conductor leads the ensemble via *ad lib.* (experimenting with dynamics and tempo, stopping a single group and then reappearing again in a different beat, etc.) Thus premiering an exciting performance!

6. After performance, ask 'Composer' to fill in the -TITLE- and their -NAME-.

7. Don't forget performance etiquette!!! (mentioning the ensemble, 'Composer' taking a bow, etc.) Last but not least, save this final version file to PDF and send to the 'Composer' for a job well done!
